

SANDI BANCOD

UI/UX Designer · Product Designer

469-237-4883 · sandibanc@gmail.com · sandibancod.com · linkedin.com/in/catherine-alessandra

SUMMARY

UI/UX and product designer with 3 years of experience designing consumer-facing digital experiences across web, mobile, and in-store touchpoints. Specializes in end-to-end UX for commerce journeys — including product discovery, selection, ordering, and checkout flows — with a strong foundation in UI craft, design systems, and cross-functional collaboration. Experienced connecting physical and digital experiences at scale across 500+ locations. Curious, adaptable, and always eager to learn new tools and approaches.

CORE SKILLS

Design: End-to-End UX/UI, Mobile-First Design, Consumer Commerce Flows, Information Architecture, Interaction Design, Prototyping, Wireframing, User Research, A/B Testing, Usability Testing

Tools & Systems: Figma (components, variables, design systems, prototyping), Adobe Photoshop, Adobe Illustrator, Canva, OpenArt, CapCut

Collaboration & Ops: Cross-functional partnership with product, engineering & research teams · Wrike, Monday, Basecamp · Campaign coordination · Content strategy · Analytics reporting

Additional: AI Prompt Engineering, Social Media Strategy, Google Workspace, Microsoft Office

EXPERIENCE

UI/UX Designer + Marketing Operations · CEC Entertainment (Chuck E. Cheese) 2025 – Present

Promoted from Creative Operations · Consumer-facing design across web, kiosk, and campaign touchpoints

- **In-store commerce flows:** Designed ordering and product selection UX for self-serve kiosks deployed across 500+ locations, owning the end-to-end experience.
- **Web & landing page design:** Primary designer for consumer-facing web pages, seasonal campaign landing pages, and digital marketing initiatives, ensuring responsive, mobile-optimized layouts in collaboration with the web development team.
- **Design systems:** Maintained and contributed to component libraries and visual standards across digital touchpoints, ensuring consistency and scalability across campaigns and platforms.
- **Cross-functional collaboration:** Serves as design liaison between brand marketing, web development, and creative teams, translating business goals into user-centered solutions.
- **Campaign execution:** Supports national brand campaigns through asset production, workflow management, and stakeholder presentations.

Creative Operations Specialist · CEC Entertainment (Chuck E. Cheese) 2024 – 2025

- Designed digital graphics and marketing materials for internal and external initiatives, maintaining brand standards across all touchpoints.
- Leveraged AI design tools (OpenArt) to develop original characters and visual assets for the Adventure World store launch, accelerating production timelines.
- Streamlined creative workflows by implementing Wrike, improving cross-team collaboration and reducing production friction.
- Collaborated with creative director and external vendors on commercial productions, managing budget and vendor coordination.
- Presented work-in-progress design concepts to internal stakeholders for review and approval.

Social Media Strategist & Content Designer · WAY Social — N2 Publishing 2022 – 2024

- Designed social graphics, photo content, and video edits for small business and franchise clients across N2 Publishing's network, managing multiple brand identities simultaneously.
- Built and managed distinct content strategies per client account, driving measurable follower and engagement growth.

- **Owned end-to-end client workflow:** strategy, design, scheduling, community engagement, and performance reporting.

Production Assistant & Content Creator · Elevate Life Church (Volunteer)Ongoing

- Shot and edited photography and Instagram Reels for services and events, aligned with brand and artistic direction.
- Coordinated visual and technical elements on-site as production assistant for live productions.

PORTFOLIO HIGHLIGHTS

ClimbOn Mobile App: End-to-end UX redesign including user research, usability testing, and A/B testing. Drove measurable improvements in task completion and user satisfaction. Lead case study at sandibancod.com.

Chuck E. Cheese Web & Kiosk: Consumer-facing design system work spanning landing pages, ordering kiosks, and seasonal campaigns for one of the largest family entertainment brands in the US.

Happenings App: Mobile-first redesign of a local events discovery app, with a focus on information architecture, hierarchy, and consumer browsing flows.
